

## Back-end Developer

[Apply Now](#)

Company: BA Global Talent

Location: Buenos Aires

Category: computer-and-mathematical

**BA Global Talent** is seeking a qualified professional to join its team in the role of **Backend Developer** (.NET). You will be responsible for back-end service development, database and cloud infrastructure administration, DevOps, and ongoing maintenance of web projects.

**This is a Project-based position, potentially extendable for a long-term job.**

The successful candidate would be joining a fantastic group of people who not only demonstrate their conviction to **BA** and its mission but also deliver fantastic results. If you are a self-starter and can thrive in a fast-paced environment, then this is the role for you!

Apply now for an opportunity to start or further your career with a young, fast-growing company that values its front line.

### Requirements

.NET Core C#, SQL Server, Entity Framework CodeFirst, MongoDB, AWS, Azure, Firebase

5+ years experience in API and Service development in .NET.

3+ years experience in SQL Server.

3+ years experience in MongoDB.

3+ years experience in OAuth-based authentication.

## Responsibilities

Responsible for back-end service development, database and cloud infrastructure administration, DevOps, and ongoing maintenance of web projects.

## About BA Global Talent

**BA Global Talent** is a young, fast-growing company that strives to provide high-quality remote workers to US-based clients. **BA** was founded by a lawyer and a business administrator who harnessed their expertise and relevant local experiences to ensure that demanding employers can find high-quality, remote workers to help their businesses grow.
