Company: Vates

Location: Argentina

Category: computer-and-mathematical

Descripción

We are currently seeking a **Backend Developer (C) (Ref. 1297)** to join our team.

We are a team passionate about technology, innovation, and research. At Vates, an EPAM company, we are excited to offer world-class custom software development services. We have more than 30 years of experience providing IT services and solutions to large companies in the USA and LATAM.

We recently joined EPAM Systems, a global leader in software development, to expand our international horizons. This alliance allows us to enhance our capabilities in cloud delivery, testing, engineering, and cutting-edge digital services while allowing you to be part of a unique international team.

We guide the exponential and digital transformation of some of the world's leading companies, such as Motorola, Intel, IBM, Oracle, etc. Vates is recognized by Clutch.com as a top Internet of Things company.

Our people are the top 10% of IT talent. If you are interested in becoming part of our team of the best professionals, with the structure and resources of a market-leading multinational, apply!

In Vates, an EPAM company, you will participate in different projects made up of multicultural teams distributed in different parts of the world. We are looking for proactive leaders, oriented to teamwork, passionate about programming, and who seek to provide the best experience to the end user.

Main challenges and responsibilities of the position:

Create efficient programs and systems that meet customer needs and requests.

Repair and improve existing or newly created software.

Knowledge and experience required in:

4+ years experience in a C-style language (Go, Java, C#, C++, Rust, etc).

Entrepreneurial, self-driven attitude. Looking for someone who can remove their roadblocks.

Experience writing backend CRUD APIs, or other backend systems.

DevOps experience is nice to have. Some work might be involved in setting up top pipelines, or Kubernetes manifests.

Golang. We'll be writing in Go, so the direct experience is nice and nice to have.

Workplace 100% remote / Full-time

This opportunity could be yours, join the **#TeamVates!**
