Chance to be a strategic business partner and advisor to the leadership team

About Our Client

Leading global Healthcare company.

Job Description

Be a Business partner for Argentinian commercial leaders

Provide financial insights and strategic guidance,

to enable effective decision making that improves business performance and enhances sustainable competitiveness while maintaining oversight of all financial activity.

responsible for overseeing all aspects of financial management, including management of Local accounting, tax, treasury and BP&A teams in order to ensure processes and procedures are in accordance with corporate and legislative requirements.

In addition, this key position is also responsible for closely partnering with Global Finance Functions - Tax, Treasury, Accounting, and FP&A to support decision making, accounting treatments, processes, tools and disclosure requirements.

Build a great team with customer service orientation and collaboration to achieve its goals.

Develop the team's problem-solving skills and proactive approach to encourage continuous improvement.

Work closely with the Executive Leadership team, to develop and implement strategic initiatives to support the organisation's plans;

Finance business partnering with other functions, ensuring consistent, timely and accurate delivery of financial results and analysis

Management Reporting - Provide insightful analysis based on required management reporting to the business unit and Corporate Finance.

Influence the Business - Develop and maintain various work interfaces to ensure integration of all business performance parameters.

Planning & Forecasting - Oversee all commercial business planning activities including long range plan, annual plan and forecasting.

Business strategy & Development - Provide insight and guidance to the leadership team to support strategic planning and decision making.

Compliance - Guide local leader and commercial teams on all applicable financial guidelines

Management - Effectively collaborate with the various finance functions to maintain oversight of all financial activity in Argentina

Direct team management - Identify, recruit, develop and retain qualified financial professionals.

Local Commercial Leadership Team Member

Internal controls - Ensures maintenance of appropriate internal controls and financial procedures

Capital Expenditure, Inventory & Fixed Asset Management and Cash flow

The Successful Applicant

We are looking for a bilingual (English- Spanish) qualified Accountant or economist with MBA or equivalent with a proven track record within a Head of Finance or Finance Director role. The ideal candidate will have evidence of effective leadership of a sizeable team.

We will focus in experience gained in Global Healthcare Company and be able to demonstrate experience gained in managing financial control, financial planning and analysis, cash flows and working capital

What's on Offer

Competitive compensation and benefits.
