

Commercial and Business Internship

[Apply Now](#)

Company: SLB

Location: Argentina

Category: other-general

An internship is your opportunity to understand how we work and whether our culture is right for you. It's also your chance to show us that you have the right skills and attitude to succeed here. Our internships are paid positions offering opportunities to use what you've learned at university on real projects.

When you join one of our Commercial and Business teams, you'll see firsthand the expertise that goes into building and sustaining a leading energy company. Be a part of business decisions that accelerate us on the path to the next big win, working alongside the best talent to take us there.

Finance

Help our finance team provide global support to every business area and keep key stakeholders on track for excellent financial performance. Interning here is your opportunity to understand how a global organization manages its business and finances in one of the most dynamic industries in the world. You'll rotate through different functions and always work on live projects alongside professional accountants. If you're looking for truly complex challenges with real impact, this internship will give you the opportunities and support to start solving them.

To apply, you must be studying for a bachelor's degree in accounting or a professional qualification in accounting (. ACCA, ICAEW, CPA .

Human Resources

If you're interested in working in Human Resources (HR), our internships offer unique insights into a business that has succeeded by recruiting talented people and putting them in a

position to succeed. You'll contribute to innovative projects that are key to helping our people do great work. You'll work across the business and collaborate with different areas giving you a greater understanding of the role of HR in a global business and where your skills could make a difference.

To apply, you must be studying for a bachelor's or master's degree in an HR-related discipline.

Supply Chain

You'll work on a varied range of projects to understand how we manage our complex, international supply chain and get the essential items our people need in the right place at the right time. It's an important part of any business but especially ours. The experience you gain will help you progress in an exciting supply chain career in an international environment.

We have opportunities many areas including but not limited to Procurement, Sourcing, Logistic, Material Management, Supply Planning, Warehouse Management, and Facility Management

To apply, you must be studying for a bachelor's or master's degree in supply chain management, industrial distribution, business administration, engineering, or management.
