Data Scientist

Apply Now

Company: Kids Corp

Location: Buenos Aires

Category: computer-and-mathematical

Kids Corp is the first marketing platform specifically designed for the under-18 (U18) market. With offices in NYC, Mexico City, São Paulo, Buenos Aires, Bogotá, and Montevideo. Leveraging proprietary technology and data and a team of experts, Kids Corp provides the most comprehensive market intelligence, maximizing decision-making opportunities and enhancing performance with strategic consistency and creative agility. More than 500 companies, including Hasbro, Kellogg's, WarnerMedia, Disney, Nintendo, Spin Master

Your mission as a Data Scientist

We are seeking a highly skilled Senior Data Scientist to join our dynamic team and drive the development of data-driven solutions in a fast-paced environment.

What You'll Do

- Work closely with cross-functional teams, including product management, engineering, and marketing, to identify opportunities for optimization.
- Develop and implement machine learning algorithms and predictive models to optimize bidding strategies.
- Analyze large datasets to extract actionable insights and trends, providing recommendations to stakeholders.
- Design and execute experiments to test hypotheses and evaluate the impact of new algorithms.
- Collaborate with data engineers to ensure the efficient implementation of data pipelines and the scalability of data processing.
- Stay abreast of the latest advancements in data science, machine learning, and programmatic advertising.
- Communicate complex technical concepts and insights to non-technical stakeholders, including senior management, clients, and partners.
- Mentor junior data scientists and provide guidance on best practices for data analysis, modeling, and visualization.
