Company: JPMorgan Chase & Co.

Location: Buenos Aires

Category: computer-and-mathematical

At J.P. Morgan you will have the chance to be part of an amazing development journey while contributing to support our customers' needs.

Buenos Aires is one of JP Morgan's key strategic hubs with over 3,100 employees supporting different areas like Operations, Technology, Finance, Credit Risk, Human Resources, Legal... among others, providing value-added services, products and solutions to our clients located in various countries around the world.

Job summary

As member of the Argentina Derivatives Analytics Group (DAG) within the CIB -Sales organization, you will be closely connected to the Global Structuring team in order to work on different projects. In this role, you will have the opportunity to learn about different products and solutions that we offer to our clients in the Americas as well as help the structuring team develop new tools to help the Firm identify new derivatives, investment and financing transactions.

Job Responsibilities

Prepare marketing materials of existing and new products

Work on updates of legal, accounting and tax frameworks of the structured solutions

Help on the structuring and pricing of hedging, investment and secured financing solutions

Work independently and in a team environment to maximize productivity in a most efficient manner

Exhibit a positive, 'can-do' attitude with inquisitive curiosity

Take ownership, act with a sense of urgency and exceed expectations by over-communicating

Required qualifications, capabilities, and skills

Bachelor's degree in Engineering, Economics, Business, or related quantitative field

Advanced level of English

Strong analytical skills | familiar with Excel/PowerPoint | coding skills is a plus

Highly self-motivated | willing to constantly learn about products and related restrictions

Excellent verbal and written communications skills; able to effectively communicate clearly and concisely

Work well in a fast-paced team dynamic with personal efficiency

Basic derivatives knowledge is a plus

If you join the company, you will be part of a diverse and inclusive team that supports each other and will empower you to do your best work.

Your wellbeing is very important to us. Below you'll find some examples of ongoing initiatives to promote it and a link to learn more about our benefits & culture:
