Facilities Management Lead

[Apply Now](#)

Company: Mondelēz International

Location: Rosario

Category: other-general

Description

Are You Ready to Make It Happen at Mondelēz International?

Join our Mission to Lead the Future of Snacking. Make It Possible.

You will manage and maintain the infrastructure and facilities of the site/office (excluding manufacturing and IT-related areas), ensuring a conducive and comfortable work environment in accordance to health, safety, environment and security policy, guidelines and requirements.

How you will contribute

You will:

Ensure that the daily cleaning, maintenance and repairs on site infrastructure (cafeteria, pantry, office area, internal mailing etc.) are carried out as scheduled according to the agreed service levels by facilities management vendors and that all repair work is completed within an acceptable time frame

Manage and ensure the timely renewal of relevant licensing and permits in compliance with approved codes of practice, providing a safe workplace that is compliant with all statutory safety, environment and food safety regulations and company standards

Constantly review new and more efficient ways to develop site/office infrastructure to ensure that future needs are met, focusing on vendor management to implement solutions that are cost optimized ensuring reduction in accidents and achievement of sustainability targets

Lead and manage a small team of direct reports, providing coaching and mentoring to

deliver great service to the site/office

Manage and monitor the facilities maintenance budget

What you will bring

A desire to drive your future and accelerate your career and the following experience and knowledge:

Extensive knowledge of facilities management and safety and environment requirements and regulations with necessary certifications as a practitioner

Experienced in vendor management and managing service levels and efficient solutioning

Previous people management experience with some strong evidence of developing others

Previous experience developing compliance policies and standards, working cross-functionally to ensure successful implementation

Evidence of driving a cultural shift in relation to safety, leading new initiatives from idea through to implementation

Strong problem-solving agility, able to work independently and use rigorous logic and analytical skills, even with missing or ambiguous information
