. **Morgan's Corporate & Investment Bank** is a global leader across banking, markets and investor services. The world's most important corporations, governments and institutions entrust us with their business in more than 100 countries. With over \$27 trillion of assets under custody and \$600 billion in deposits, the Corporate & Investment Bank provides strategic advice, raises capital, manages risk and extends liquidity in markets around the world.

Organization Description

The Corporate & Investment Bank is a global leader across investment banking, Payments, Markets and Securities Services. The world's most important corporations, governments and institutions entrust us with their business in more than 100 countries. We provide strategic advice, raise capital, manage risk and extend liquidity in markets around the world.

Business Management (BM) team supports the Payments business which plays a critical role in the infrastructure and capabilities that enable money movement globally. The team is engaged in both supporting BAU business objectives, as well as shaping the go-forward strategic vision of the business, working with a wide range of product, line of business and functional partners.

We are looking for a growth minded Business Manager to support our Sales Business Manager Team in LATAM, as to support Payments Business Transformation, which is a strategic and execution-focused role. Payments sits at the intersection of finance and technology in an industry undergoing a major transformation. Business Transformation supports the business on a project basis, where projects are team-based and include regular

interaction with . Morgan Payments executives. This is a highly visible role across the Payments organization and offers the ability to work closely with a wide variety of stakeholders. A learning mindset is essential.

Role Responsibilities:

Support the team as a liaison between Line of business, business management, Functional Finance teams and other support teams in order to provide impactful reporting and insightful analysis

Track and understand trends in Latin America Payments booked fees and deal pipeline activity

Support producing presentations, analysis and supporting materials for key internal clients including senior management; participate and support ad-hoc special projects and requests as needed

Built and/or maintain various databases to monitor proprietary deal-related information not available in public sources to facilitate enhanced business analyses.

Facilitate and manage various data-based initiatives, client coverage organization; headcount and organization projections; talking points for senior management meetings.

Prepare and summarize Sales performance Key Performance Indicators used in year-end evaluation and compensation decisions.

Develop, consolidate and present qualitative and quantitative financial analysis.

Connect with key stakeholders: firm-wide, Functional Finance and lines of business teams

Required qualifications, capabilities, and skills:

Self-starter who is able to work in a fast paced, results driven environment.

Bachelor's Degree, or expected graduation date before June 2024, in financial careers such as Economy / Business Administration/ Industrial Engineer or related.

Excellent organizational, both verbal and written communication skills

Strong quantitative, analytical, and problem solving skills

Ability to navigate multiple data sets and synthesize into cohesive presentation and recommendations

Detail oriented and able to handle multiple projects and initiatives simultaneously

Fluent in English
