Job Summary

As an Investment Banking - Infrastructure Finance & Advisory - CRG Analyst within the Centralized Research Group, you will work closely with the Infrastructure Finance & Advisory team, providing support for preparing pitch books, financial analyses, marketing and other support materials. You will have the opportunity to leverage your strong analytical and technical skills, attention to detail, and work ethic to contribute to our global team. Your role will involve sourcing and interpreting company & industry information, coordinating internal tracking pipelines, and managing other internal business workstreams as needed. This role offers the chance to thrive in a fast-paced, high-risk environment that demands decisiveness and the ability to work with a global team

Job Responsibilities

Pitching material preparation: Work with associates and analysts to prepare marketing materials for clients for pitches including relevant market/ industry updates, ratings advisory materials, and debt / transaction comps

Perform financial analysis: Analysis and interpretation of project models and ability to build

project models (in particular debt capacity analyses). Extract information from company accounts, databases and other sources, using knowledge & judgment

Research: Source and interpret company & industry information from a variety of data sources (company reports, Internet, online databases, JPMorgan proprietary content) with an aim to forming views on the industry, key trends and individual assets / companies. Summarize and synthesize news updates/research reports.

Manage Pipeline / Internal Management: Coordinate internal tracking pipelines and manage other internal business workstreams as needed

Required qualifications, capabilities and skills

Bachelor's Degree required

Advanced English skills

Strong analytic fundamentals including financial modeling

Microsoft Office experience including Word, PowerPoint and Excel required

Ability to be a team player and maintain a positive attitude

Ability to thrive in a fast-paced, high-risk environment that demands decisiveness

Ability to work interfacing with a global team; managing requests as needed in a timely manner

Knowledge of the industry / debt and derivatives instruments

If you join the company, you will be part of a diverse and inclusive team that supports each other and will empower you to do your best work.
