Latin America - Planning & Financial Analysis - Senior Analyst

[Apply Now](#)

Company: JPMorgan Chase & Co.

Location: Buenos Aires

Category: computer-and-mathematical

Buenos Aires is one of JP Morgan's key strategic hubs with over 3,500 employees supporting different areas like Operations, Technology, Finance, Credit Risk, Human Resources, Legal... among others, providing value-added services, products and solutions to our clients located in various countries around the world.

As a Financial Planning & Analysis - Senior Analyst within the . Morgan team, you will have the opportunity to contribute to our financial planning and analysis processes. You will work closely with various firmwide groups in each line of business, preparing management reports and presentations for the Operating Committee and the Board of Directors. Your role will involve liaising between Firm-wide P&A, lines of business, Functional Finance teams and other support teams, providing insightful reporting, planning and analyses. This role offers the chance to develop, consolidate and present robust financial analysis, including annual budget, quarterly/monthly forecast variances. You will also have the opportunity to conduct 'deep dive' analyses on key issues impacting clients, propose solutions, and collaborate with business partners across P&A, Lines of Business and the firm to ensure the timely, accurate and effective delivery of recurring and ad-hoc initiatives.

Job Responsibilities

Serve as a liaison between Firm-wide P&A, lines of business, Functional Finance teams and other support teams in order to provide impactful reporting, planning and insightful analyses

Produce presentations, analysis and supporting materials for key internal clients including senior management; participate and support ad-hoc special projects and requests as

needed

Develop, consolidate and present insightful and robust qualitative and quantitative financial analysis including annual budget, quarterly/monthly forecast variances

Create, maintain and review financial models and analyses (both recurring and ad-hoc)

Conduct deep dive analyses on key issues impacting client to determine root cause and propose solutions

Collaborate with business partners across P&A, Lines of Business and the firm to ensure the timely, accurate and effective delivery of recurring and ad-hoc initiatives

Build and maintain strong relationships with key business stakeholders: firm-wide, Functional Finance and lines of business teams

Required qualifications, capabilities, and skills

Self-starter who is able to work in a fast paced, results driven environment

BA/BS in Finance, Economics, Accounting (CFA, CPA, MBA)

Excellent organizational, management, and both verbal and written communication skills

Strong quantitative, analytical, and problem solving skills

Strong technical and analytical skills, including Excel, PowerPoint, Essbase, Visual Basic and macros

Ability to navigate multiple data sets and synthesize into cohesive presentation and recommendations

Detail oriented with the ability to work well under pressure, handling multiple projects and initiatives simultaneously

Team oriented, inquisitive, critical thinker who anticipates questions from internal clients and senior management

Ability to build strong partnerships with colleagues, desire to learn quickly, be flexible and think strategically

If you join the company, you will be part of a diverse and inclusive team that supports each other and will empower you to do your best work.

Your wellbeing is very important to us. Below you'll find some examples of ongoing initiatives to promote it and a link to learn more about our benefits & culture:
