

## Payments Planning & Analysis - Analyst

[Apply Now](#)

Company: JPMorgan Chase & Co.

Location: Buenos Aires

Category: computer-and-mathematical

At . Morgan you will have the chance to be part of an amazing development journey while contributing to support our customers 'needs.

Buenos Aires is one of JP Morgan's key strategic hubs with over 3,500 employees supporting different areas like Operations, Technology, Finance, Credit Risk, Human Resources, Legal... among others, providing value-added services, products and solutions to our clients located in various countries around the world.

As a Payments Planning & Analysis - Analyst within the Commercial & Investment Bank, you will serve as a liaison between various teams to provide impactful reporting, planning, and insightful analyses. You will produce presentations, develop financial analyses, and conduct deep dive analyses on key issues. You will collaborate with business partners across the firm to ensure timely and effective delivery of initiatives. This role provides an opportunity to build strong partnerships, learn quickly, and think strategically in a fast-paced, results-promoten environment.

### **Job Responsibilities:**

Serve as a liaison between Line of business, business management, regional P&A, Functional Finance teams and other support teams in order to provide impactful reporting, planning and insightful analyses

Produce presentations, analysis and supporting materials for key internal clients including senior management; participate and support ad-hoc special projects and requests as needed

Develop, consolidate and present insightful and robust qualitative and quantitative financial analysis including annual budget, quarterly/monthly forecast variances

Create, maintain and review financial models and analyses (both recurring and ad-hoc)

Conduct deep dive analyses on key issues impacting client to determine root cause and propose solutions

Collaborate with business partners across P&A, Lines of Business and the firm to ensure the timely, accurate and effective delivery of recurring and ad-hoc initiatives

Build and maintain strong relationships with key business stakeholders: firm-wide, Functional Finance and lines of business teams

**Required qualifications, capabilities, and skills:**

Self-starter who is able to work in a fast paced, results driven environment

Excellent organizational, management, and both verbal and written communication skills

Strong quantitative, analytical, and problem solving skills

Strong technical and analytical skills, including Excel, PowerPoint, Tableau, Alteryx, Visual Basic and macros

Ability to navigate multiple data sets and synthesize into cohesive presentation and recommendations

Detail oriented with the ability to work well under pressure, handling multiple projects and initiatives simultaneously

Team oriented, inquisitive, critical thinker who anticipates questions from internal clients and senior management

Ability to build strong partnerships with colleagues, desire to learn quickly, be flexible and think strategically

Fluent in English

**Preferred qualifications:**

BA/BS in Finance, Economics, Accounting (CFA, CPA, MBA a plus).

If you join the company, you will be part of a diverse and inclusive team that supports each other and will empower you to do your best work.
