Company: Art List

Location: Mercedes

Category: other-general

Artlist is a fast-growing creative technology company providing video creators with high-quality music, sound effects, footage and digital assets for video, as well as powerful video and image editing software. With our revolutionary license and cutting-edge creative tools, we're on the fast track to becoming the ultimate 360 degree solution for video creators. Today, Artlist is the go-to licensing provider for creators in over 160 countries. Among our 16M clients are Google, Apple, Nike, Coca-Cola, Ikea, Mercedes, Samsung, Wix, Netflix, Dior and many more. MotionArray.com, an all-in-one marketplace for creators that offers video templates, presets, music, SFX, stock footage, motion graphics and stock photos. FXhome, a cutting-edge video, VFX and image editing software. Our products: Artlist: a platform for the highest-quality, royalty-free music, SFX, footage, and video templates. Motion Array: a leading video template platform that also offers software plugins, and over 1 million royalty-free songs, videos, sound effects, photos, and graphics. FXhome: a cutting-edge developer of video, VFX, and image editing software. We're looking for a Full Stack Team Lead to join our amazing and growing R&D department. As the visionary Team Lead of the R&D Growth Group, you will lead a team of dedicated professionals, steering the strategic direction of research and development efforts, fostering a culture of creativity, and playing a pivotal role in driving groundbreaking solutions that contribute to the organization's growth and success. Wake up for this: Be the full tech owner of your team's products. Growing and mentoring your team members. Take end-to-end professional responsibility over your team's Agile development life-cycle. Proactively build your team, recruiting and on-boarding. Be a hands-on developer in your team - designing, coding, and delivering features to

production. Lead the team's atmosphere and culture Requirements 5+ years of professional experience in full-stack development. 2+ years of experience as a team lead. High knowledge and experience in FE and FE frameworks - React/Angular/Vue (Must- React) Good understanding of backend technologies (Must -NodeJS) Good understanding of architecture, clean code, performance and more. Experience with NoSQL / SQL Background in payments - an advantage A people's person with high communication skills. An expert in balancing the trade-offs between technical and product priorities.
