Semi Senior Node.js Engineers

Apply Now

Company: Intive

Location: Buenos Aires

Category: computer-and-mathematical

You are a good match if you have:

Strong experience with Node.js

Experience working with cloud services and serverless deployment.

Experience with databases.

Experience with AWS.

Fluency with code reviews and CI/CD pipelines.

Experience with unit, integration, and load test.

Familiarity with software development methodology using Agile, Scrum/Kanban.

Excellent understanding of APIs and integration of 3rd party APIs

Nice to have:

Strong written and verbal communication skills in English.

Why intive?

We cultivate an environment where innovative ideas and excellence have room to thrive - even with a remote workforce. Our culture of learning rewards curiosity and gives our team members opportunities to learn, grow, and own the evolution of their careers.

Competitive Salary –We offer a hybrid compensation model.

Remote Work, Flexibility & Balance – We work 100% remotely. You are welcome but not required at our offices in Buenos Aires, Mar del Plata, and Córdoba. We have flexible benefits to support healthy work/life balance and growing families.

Career Path Planning You can create a career path based on your goals. We provide training, mentoring, and support to help you along the way.

Training & Mentorship – Learning and Development is a big part of our company culture. You will have unlimited access to Udemy, internal courses and training, and a robust mentorship program.

Chapters – you will join the community of intivers sharing the same professional profile. There is space for knowledge sharing with people with similar capabilities to yours and to access the latest technology trends.

Culture & Connection We cultivate connections within teams, across functions, and up and down the org chart. We make sure everyone is noticed and feels connected to our mission and each other.
