## Senior Data Engineer - Spark - Python - SQL

[Apply Now](#)

Company: WIZELINE

Location: Argentina

Category: computer-and-mathematical

### Community Impact

We are proud to contribute to local economies by developing technology ecosystems in places like Mexico, Colombia, and Vietnam. We also created , a free, community-based education program that teaches high-value skills to workers looking to advance their tech industry careers. As of 2022, Academy has served more than 28,000 students across 675 courses. Wizeliners have the opportunity to upskill by taking Wizeline Academy courses and can also share their expertise by delivering classes to students.

### Your Day-to-Day

This job posting is for Data Engineer on our team. Here's what you'll be doing in your day-to-day work:

Design and implement product features in collaboration with product owners, report developers, product analysts, architects, and business partners within an Agile / Scrum methodology.

Design and implement data platforms for large-scale, high-performance, and scalable requirements, integrating data from several data sources, and managing structured and unstructured data while melding existing warehouse structures.

Analyze, diagnose and identify bottlenecks in data workflows

Participate in demos to clients and requirements elicitation and translation to systems requirements (functional and nonfunctional).

Constantly monitor, refine and report on the performance of data management systems.

## **Are You a Fit?**

To be successful in this role, you must have:

Good Programming Skills with Python.

Strong experience with Spark

Experience with Scala.

Experience working with SQL in advanced scenarios that require heavy optimization.

Solid engineering foundations (good coding practices, good architectural design skills).

Experience building cloud-scalable, real-time and high-performance Data Lake solutions.

Good experience with Airflow.

Experience developing solutions within Cloud Services (AWS)

Good experience with AWS Athena, S3, Glue.

Experience with Apache Hive (nice to have)

Experience in data streams processing technologies including Kafka, Spark Streaming, etc  
(nice to have)

Advanced English level.

Still not convinced you should apply? Here are some of the things that make Wizeline different from other technology services companies:

## **Our Values**

At Wizeline, we value innovation, community, and ownership. Our commitment to diversity, inclusion, and respect fosters an environment where everyone does well and does good. We're proud to be recognized by the Human Rights Campaign Foundation in response to our inclusive corporate policies and best practices for LGBTQ+ employees.

## **Our Culture**

We offer exceptional career growth and learning opportunities to our employees with skill development workshops, mentoring programs, and support for side projects or

entrepreneurial work. We ranked 7th on Expansión's Super Companies 2021 list.

### **Our Benefits and Perks**

We offer competitive compensation and employee-centric benefits, including industry-leading maternity and paternity leave, wellness programs, and remote work opportunities. All Wizeliners have access to continuous learning opportunities through , including cloud certifications, mentorship, LinkedIn Learning, Udemy, and in-house technical bootcamps developed by our experts in the field.

In recognition of our superb employee benefits, we debuted on Quartz's list of the Best Companies for Remote Workers and ranked 5th on Expansión's Super Workspaces 2021 list.

### **Our Global Family**

To support the global nature of our business and help our employees grow beyond their technical skills, we offer free virtual English and Spanish language classes and provide immigration support when applicable. Before COVID-19, we had a robust Work Abroad program in place, which we plan to continue once it's safe.

### **#AllAreWelcomeHere**

Wizeline creates and fosters a diverse, inclusive, and harassment-free workplace where everyone can achieve their potential. All applicants will be considered for employment regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status.
