## **Description**

### **Line of Service**

Assurance

### **Industry/Sector**

Not Applicable

### **Specialism**

Assurance

### **Management Level**

Senior Associate

### **Job Description & Summary**

A career within External Audit services, will provide you with the opportunity to provide a range of Assurance services and business advice to a variety of clients from small, fast growing clients to large entities. Our clients are often well known brands and many have broad international reach. We focus on using the latest technology to reduce the level of manual testing ensuring you'll focus on the most valuable areas of client service and on enhancing corporate governance and the reliability of our clients' information.

To really stand out and make us fit for the future in a constantly changing world, each and every one of us at PwC needs to be a purpose-led and values-driven leader at every level. To help us achieve this we have the PwC Professional; our global leadership development framework. It gives us a single set of expectations across our lines, geographies and career paths, and provides transparency on the skills we need as individuals to be successful

and progress in our careers, now and in the future.

As a Senior Associate, you'll work as part of a team of problem solvers, helping to solve complex business issues from strategy to execution. PwC Professional skills and responsibilities for this management level include but are not limited to:

Use feedback and reflection to develop self awareness, personal strengths and address development areas.

Delegate to others to provide stretch opportunities, coaching them to deliver results.

Demonstrate critical thinking and the ability to bring order to unstructured problems.

Use a broad range of tools and techniques to extract insights from current industry or sector trends.

Review your work and that of others for quality, accuracy and relevance.

Know how and when to use tools available for a given situation and can explain the reasons for this choice.

Seek and embrace opportunities which give exposure to different situations, environments and perspectives.

Use straightforward communication, in a structured way, when influencing and connecting with others.

Able to read situations and modify behavior to build quality relationships.

Uphold the firm's code of ethics and business conduct.

### **Role & Responsibilities:**

- Perform tests in the end-to-end audit process. (Planning, execution and completion)
- Be able to maintain conversations in upper intermediate French and English.
- Assignment, coaching and supervision of other team members.
- Control of assigned clients and manage team responsibilities
- Feedback to other members of the team (Associates)
- Use feedback to develop own awareness, personal strengths and address development areas, delegating to others to provide stretch opportunities and coaching to help deliver results, proactively raising issues to improve effective team working.

- Seek and take opportunities, which expose to other businesses, industries and markets, facilitating collaboration across virtual teams (utilizing appropriate technology as applicable), and building and maintaining a professional internal and external network;
- Use straightforward communication, in a structured way, when influencing others, reading situations and being sensitive to others, modifying my behavior to build quality, diverse relationships, and communicating with my clients, regularly updating them and sharing progress;
- Learn about clients businesses and how they operate in the industry/marketplace, trying out new ideas and proposing innovative solutions to problems, gathering information from a range of sources when analyzing and solving complex problems;
- Test own and others work for quality, accuracy and relevance, developing knowledge of the firm's line of service capabilities and our portfolio of offerings, making the most of opportunities for technical development through on the job learning and exposure, and sharing relevant thought leadership with my colleagues to enhance knowledge.
- Experiment with automation & digitization in a professional services environment including but not limited to: Innovating through new and existing technologies, along with experimenting with digitization solutions; and work with large, complex data sets to build models and leverage data visualization tools.

Understand the importance of have a correct information management
