

Senior/Lead Client Operations Engineer

[Apply Now](#)

Company: AgileEngine, LLC

Location: , , Argentina

Category: other-general

What you will do

Collaborate with our solution delivery teams and customers to understand their infrastructure requirements and develop solutions to meet those needs.

Design, deploy, and maintain cloud environments to ensure high availability and reliability.

Work with databases like MySQL and MS SQL to ensure efficient and reliable data storage in the cloud.

Use infrastructure as code tools to automate cloud deployments.

Monitor cloud environments to ensure performance, cost efficiency, and security.

Use a structured troubleshooting approach to identify and resolve cloud-related issues.

Develop and maintain Kubernetes environments to support application deployments.

Troubleshoot and configure network settings in cloud environments to ensure optimal performance and security.

Collaborate with development teams to ensure seamless application deployment and integration in the cloud.

Communicate effectively with customers and team members to ensure cloud requirements are met.

Must haves

Bachelor's degree in Computer Science, Information Technology, or a related field.

Strong proficiency in cloud platforms (e.g., Azure, AWS, Google Cloud), preferably Azure certified.

Strong proficiency with Linux and Windows Server administration.

Strong proficiency with bash and PowerShell scripting.

Experience with infrastructure as code tools (e.g., Terraform, CloudFormation).

Familiarity with databases like MySQL and MS SQL in cloud environments.

Experience with container orchestration, preferably Kubernetes.

Familiarity with cloud security best practices.

Experience troubleshooting and configuring network settings in cloud platforms.

Strong analytical and problem-solving skills.

Flexible hours but able to work a set schedule.

Excellent communication and collaboration skills.

Ability to work independently and as part of a team.

Hold a valid passport and be available to travel outside your country of residence.

AgileEngine is one of the Inc. 5000 fastest-growing companies in the US and a top-3 ranked dev shop according to Clutch. We create award-winning custom software solutions that help companies across 15+ industries change the lives of millions.

If you like a challenging environment where you're working with the best and are encouraged to learn and experiment every day, there's no better place — guaranteed! :)
