Senior Logistics Specialist

[Apply Now](#)

Company: Halliburton

Location: Neuquén

Category: other-general

We are looking for the right people — people who want to innovate, achieve, grow and lead. We attract and retain the best talent by investing in our employees and empowering them to develop themselves and their careers. Experience the challenges, rewards and opportunity of working for one of the world's largest providers of products and services to the global energy industry.

Please Note:

This posting is intended to collect candidate information for Halliburton's talent pool, and is not considered an application. By completing the candidate profile, recruiters will have visibility to your information in order to contact you for a future related job opportunity. In addition to providing your information on this posting, we encourage you to create a Job Alert within our career site. The Job Alert allows you to select search criteria for positions that match your interest(s). Once positions are posted that match your search criteria, you will receive an email notification.

Under direct supervision, utilizes the functionality of the Transportation Management System to generate planned shipments for inbound and outbound freight within the Halliburton supply chain network. Notifies planner when shipment exceptions occur. Assists in investigation and resolution of Transportation Management System errors that prevent shipment execution. Reviews Transportation Management Systems plan regarding freight consolidation, mode selection, carrier selection and continuous move techniques and

alerts the planner of necessary adjustments. Assists in executing carrier tenders and managing tender rejections. Skills are typically acquired through completion of an undergraduate degree in supply chain, logistics, information systems, or similar discipline. This is an entry level job.

Compensation Information

Compensation is competitive and commensurate with experience.

Location

Opportunities may exist in multiple locations.
