

SENIOR MACHINE LEARNING ENGINEER

[Apply Now](#)

Company: Svitla Systems, Inc.

Location: Argentina

Category: business-and-financial-operations

Requirements:

At least 5 years of hands-on experience in most of these ML tools/techniques:

Building ML models with SageMaker or a similar service;

Building ML models in frameworks like TensorFlow & PyTorch and deploying them in SageMaker;

Training and deploying AWS pre-trained AI services and foundational models;

Usage Elasticsearch power search functionality and provide insights from large datasets;

Integrating ML models into real-time applications and batching workflows recommends better infrastructure design and optimization;

Monitoring, evaluating, and continuously improving model performance and automating these tasks using one or more tools for MLOps.

Hands-on experience with these data engineering tools/techniques:

Data integration, cleansing, transformation, and visualization using Python packages, SQL, etc.;

AWS services include Glue, EMR, Athena, DynamoDB, Step Functions, EKS, etc.

Responsibilities:

Work with a team to deliver machine learning solutions on AWS for customers.

Decompose business goals into architecture and sprint-level tasks.

Lead engineers in building solutions.

Participate in daily standup meetings and address technical issues.

Design and document ML models, MLOps, and analytics.

Provide big data processing and preparation of training data for models.

Will be a plus:

Knowledge of an IaC tool such as CloudFormation, CDK, or Terraform.

We Offer:

US and EU projects based on advanced technologies.

Competitive compensation based on skills and experience.

Annual performance appraisals.

Remote-friendly culture and no micromanagement.

Bonuses for recommendations of new employees.

Bonuses for article writing, public talks, other activities.

15 vacation days, 10 national holidays, sick leaves.

Udemy unlimited training account.

Free webinars, meetups and conferences organized by Svitla.

Fun corporate celebrations and activities.

Awesome team, friendly and supportive community!
