**Software QA Engineer**

**Apply Now**

Company: WIZELINE

Location: Argentina

Category: computer-and-mathematical

**Community Impact**

We are proud to contribute to local economies by developing technology ecosystems in places like Mexico, Colombia, and Vietnam. We also created , a free, community-based education program that teaches high-value skills to workers looking to advance their tech industry careers. As of 2022, Academy has served more than 28,000 students across 675 courses. Wizeliners have the opportunity to upskill by taking Wizeline Academy courses and can also share their expertise by delivering classes to students.

**Your Day-to-Day**

The software QA engineer is the lifeblood of our team, enabling us to build the right thing and build the thing right. From planning to delivering high quality and successful products, you will be responsible for maintaining a user-focused testing atmosphere for applications that will be used by millions daily. With your breadth of expertise, you will collaborate with multidisciplinary teams to maintain good practices and identify new opportunities for improvement since the very beginning of a project. You will work on projects that will allow you to develop your skills and gain exposure to multinational brands.

**Are You a Fit?**

Sounds awesome, right? Now, let's make sure you're a good fit for the role.

**Must-have Skills**

Proficient in writing API testing scripts in any JAVA framework, such as REST Assured.

Experience using POSTMAN for REST API requests.

Experience using the AWS console to navigate the Amazon ECS.

Deep understanding of testing methodologies, such as the test pyramid, test trophy, and act/assemble/assert methodology to ensure comprehensive test coverage.

Skilled in CI/CD with GitHub Actions to Implement and maintain pipelines to automate the software build, test, and deployment processes.

Advanced English level

**Nice-to-have Skills**

The ability to predict common user workflows in order to design effective tests.

ISTQB Certifications

Excellent issue isolation, troubleshooting, and debugging skills.

BS/MS in Computer Science or equivalent.

Some of the stack you may use here at Wizeline: Postman, Newman, Webdriver, Protractor, TestNG, Maven, Testcafe, Nightwatch, Jira, all within DevOps practices like CI/CD

Still not convinced you should apply? Here are some of the things that make Wizeline different from other technology services companies:

**Our Values**

At Wizeline, we value innovation, community, and ownership. Our commitment to diversity, inclusion, and respect fosters an environment where everyone does well and does good. We're proud to be recognized by the Human Rights Campaign Foundation in response to our inclusive corporate policies and best practices for LGBTQ+ employees.

**Our Culture**

We offer exceptional career growth and learning opportunities to our employees with skill development workshops, mentoring programs, and support for side projects or entrepreneurial work. We ranked 7th on Expansión's Super Companies 2021 list.

**Our Benefits and Perks**

We offer competitive compensation and employee-centric benefits, including industry-leading maternity and paternity leave, wellness programs, and remote work opportunities. All Wizeliners have access to continuous learning opportunities through , including cloud certifications, mentorship, LinkedIn Learning, Udemy, and in-house technical bootcamps

developed by our experts in the field.

In recognition of our superb employee benefits, we debuted on Quartz's list of the Best Companies for Remote Workers and ranked 5th on Expansión's Super Workspaces 2021 list.

**Our Global Family**

To support the global nature of our business and help our employees grow beyond their technical skills, we offer free virtual English and Spanish language classes as well as provide immigration support when applicable. Prior to COVID-19, we had a robust Work Abroad program in place, which we plan to continue once it's safe to do so.

**#AllAreWelcomeHere**

Wizeline creates and fosters a diverse, inclusive, and harassment-free workplace where everyone can achieve their potential. All applicants will be considered for employment regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status.
