Sr Business Analyst para cliente bancario - PST

[Apply Now](#)

Company: RH Visión

Location: Argentina

Category: business-and-financial-operations

Job Summary: We are seeking an experienced and highly skilled Business Analyst to join our team. The ideal candidate will have a minimum of 4 years of experience in a similar role, and will be responsible for coordinating project tasks and project life cycle phases to meet business and customer goals and requirements. The Business Analyst will work closely with cross-functional teams to ensure successful project delivery, and will be responsible for conducting root cause analysis and defect resolution using knowledge of applications, interfaces, and technology.

Requirements: Minimum of 4 years of experience as a Business Analyst or in a related role. Strong analytical skills, with the ability to analyze complex data sets and identify patterns, trends, and opportunities for improvement. Excellent communication skills, both written and verbal, with the ability to present complex information in a clear and concise manner. Proficiency in data analysis tools, such as Microsoft Excel, Tableau, or Power BI. Strong problem-solving skills, with the ability to identify root causes and develop effective solutions. Experience working in a fast-paced, dynamic environment, and the ability to manage multiple projects simultaneously. Strong interpersonal skills, with the ability to build relationships and work effectively with cross-functional team.

Roles and Responsibilities: Coordinate project tasks and project life cycle phases projects (i.e. defining requirements, documentation, and process flows, etc.) to meet business and customer goals and requirements. Conduct root cause analysis using knowledge of applications, interfaces, and technology for defect resolution. Use a variety of tools to extract and analyze data generated by online user activity. Communicate findings with reports, presentations, and data visualizations that are easy to understand. Provide data-driven insights and

solutions that have demonstrable results, contributing to the continuous improvement of business processes and overall organizational performance. Collaborate with cross-functional teams, including project managers, developers, and end-users, to ensure alignment and successful project delivery. Stay up-to-date with industry trends, best practices, and emerging technologies, and apply this knowledge to improve the effectiveness of business analysis activities. Apply now!
