***Streaming Platform is seeking to hire a Sr. Technical Program Manager within PST time-zone in Latin America:***

Are you a dynamic Agile Program Manager eager to join our rapidly expanding PMO? We're on the vanguard in agile methodologies, and skilled at motivating teams toward heightened levels of agility and organization.

We need individuals who excel at Agile program management, thrive as team players, embrace core leadership.

As our Technical Program Manager, your main task will involve providing program management support as a driven Agile program management leader, deeply committed to accountability and improvement, with the following

### **Responsibilities:**

This role is pivotal, encompassing a broad array of duties, including:

- Spearheading projects/programs spanning multiple departments with diverse stakeholders to ensure successful outcomes.

- Facilitating cross-

- team communication and transparency by diligently tracking projects and proactively sharing updates.

- Actively identifying and eliminating impediments that could hinder team velocity or Scrum Team performance.

- Operating as a servant-

- leader within the team, leveraging leadership skills to nurture productive working relationships.

- Fostering effective teamwork, communication, collaboration, and commitment across disparate teams.

Advocating for Agile adoption within your teams and throughout the organization.
