Undergraduate Generative AI Externship - Argentina

Location: Virtual

Skills Accelerator Content Area: Python & Generative Artificial Intelligence (Gen AI)

Duration: 8 weeks, <10 hours/week, self-paced (June 3 – July 26, 2024)

What is an Externship?

The Generative AI Externship program is an unpaid virtual experience during which you will have the opportunity to build technical skills in Python for AI & Generative AI through virtual training sessions at your own pace. We believe in the benefits of coaching and mentoring throughout the experience to further prepare you for the next step along your career path, specifically full-time opportunities within Cognizant. Are you ready to get started?

This externship is aligned to Cognizant's newly launched program – an exciting new skilling program that aims to train 1 million workers across the globe on new technology advancements, like AI, so they are powered for change.

Eligibility / Qualifications:

Enrolled in a bachelor's degree program, currently pursuing a computer science, business, marketing, information technology or similar degree

Awareness of Python, Machine Learning, and Neural Networks

Current junior standing - graduating between December 2024 and June 2025

Advanced English proficiency – All the events and Training will be in English

Ability to self-motivate within set timelines

Developing communication and collaboration skills

Growth mindset: curiosity about learning innovative technologies and methodologies

Interest in launching a career in technology or the consulting industry

Ability to attend any required virtual events throughout the course

Students must be in their third year of a four-year BA/BS program, in business or STEM (Science, Technology, Engineering or Mathematics) at an accredited university or college in Argentina for the 2023-2024 academic year

Students from all schools and students who identify with a group that is historically underrepresented in the technology industry, including but not limited to Black, Hispanic/Latinx, Indigenous, students with disabilities and women and are encouraged to apply

Benefits:

Earn 2 Skills Accelerator badges: Python and Generative Artificial Intelligence

Earn certificate of completion

Develop foundational business skills and industry competence

Self-guided flexible learning in a virtual environment that fits into your existing schedule. Opportunities to meet with subject matter authorities across the organization

Professional development opportunities

Introduction to the recruiters and application processes within Cognizant

Establish career connections and develop your network

About Us:

At Cognizant, we help companies modernize technology, reinvent processes, and transform experiences, so they stay ahead in a constantly evolving world. Cognizant is a leading corporate organization committed to encouraging diversity, equity, and inclusion in the workplace. We believe that different perspectives drive innovation and lead to greater

success. Our Externship Program is crafted to provide undergraduate students with valuable skills that will prepare them for their career path.

Our associates' diverse set of backgrounds offer varied perspectives and fuel new ways of thinking. We encourage lively discussions which inspire better results for our clients.

Cognizant values diversity in our talent pool, which is why we encourage professionals with disabilities, LGBTQIA+, people in refugee situations, women, racial groups and professionals over 50 to apply for all of our advertised vacancies.
