Company is looking for a skilled, curious and passionate

Product Owner

Your opportunity...

We represent a multinational e-commerce company that enables users in Latin America to make extra money by providing them the opportunity to trade second hand goods. Mobile applications are vital in our client's value proposition, as more and more users get access to Internet on their cellphones. Our client is market leader in online classifieds in various Latam markets and aim to become a worldwide leader. As a Product Owner LATAM, based in Buenos Aires, you will serve as the leading person of multiple initiatives for product development.

Why joining us?

We believe in creating a richer world by empowering people

Every day millions of people across the globe use our plataform to buy and sell goods

We serve over 240 million unique users every month

We generate traffic of over 11 billion monthly page views in more than 40 countries

What responsibilities will you get when working with us?

Jointly define product strategy and roadmap

Coordinate and build strong working relations with different teams including: Local Offices, Engineering, Marketing, and Development.

Driving solutions across development teams through market requirements and positioning

Specifying requirements for current and future projects by participating in market research activities and supporting in users insights analysis?

Working closely with all teams to ensure delivery of features and alignment with plans

Define success metrics to improve customer efficiency and effectiveness?

Monitor internal processes for efficiency and validity pre & post product launch/changes

What will you need to be successful in this role?

You are passionate about mobile apps, always on the lookout for that new application that makes your life easier.

You want to place yourself in the position of your users, feel their problems and always want to make something amazing for them.

You like to solve problems, dig into data and

find creative solutions.

You hate to copy competitors. You are fast,
results driven and above all a fun colleague to work with.

Bachelor's degree in Computer Science,
Marketing, Design or related field.

At least 5+ years of successful product
management experience if possible in a consumer Internet company, mobile
application development or ad/marketing agency.

User centric approach, keen on the overall
experience and obsessive with UX details.

Proven analytical skills and the ability to
identify customer needs and communicate them to stakeholders?

What can you expect from us and what do we offer?

Contributing to the global Classifieds BU success

International career and
travel opportunities

Work with an international team of top
engineers learning from one another

A budget for conference and education

Competitive salary and great
benefits

High-end computer-gear

Resumes in English must be sent to hr@quatre.com.br, with position CODE: PRODUCT OWNER
