Company: Confidencial

Location: Buenos Aires

Category: computer-and-mathematical

Digital agency with 20 years of experience designing and developing web and mobile platforms, as well as video games, AR/VR apps, and AI/ML. We are headquartered in Miami, FL with a strong South American team, and have clients and partners in the US market of all sizes and verticals. Among other accolades, we are a 3-time Inc. 5000 Fastest Growing Companies in America honoree. We are looking to expand our amazing roster with a Full Stack Engineer that is well-versed in .NET and Vue.js and is located in Latin America, preferably in Argentina. As we are currently working with multiple companies on many different products, we have quite a few projects where someone like you could make a difference. We are looking for 3+ years of experience in .NET Framework, .NET Core, .NET 7-8, C# 3+ years of experience with Vue.js 2 or 3, Vuetify, Vuex, and Webpack. Experience with Jest, Vitest, NUnit, Moq, and Autofixture. Experience building REST APIs. Experience with MSSQL, SQL Profiler, and Query Tuning. Knowledge of Azure and Azure DevOps CI/CD. English level B2 / C1. Nice to Have: PHP. Python and Django. Docker and Kubernetes. We offer: Fully remote. Long-term. Full-time. No timezone shifting. Compensation in US Dollars.
